NOTE: An "October term" is the term of the Supreme Court of the United States, which by statute begins on the first Monday in October and ends in late June or early July of the following year. The date associated with each October term is the year in which the term began (in most other tables of the federal Judiciary, the date associated with each reporting period is the year in which that period ended). This report is furnished by the Supreme Court of the United States. This table presents data on cases filed in prior terms as well as cases docketed during the current term. The data in this table is not identical to the data reported in the Chief Justice's Year-End Reports on the Federal Judiciary.

NOTE: The number of pending cases in this report includes cases that have been transferred under a Multidistrict Litigation (MDL) order. Large numbers of civil cases may be temporarily assigned by the Judicial Panel on Multidistrict Litigation to a district judge for pretrial management. As MDL cases vary greatly among districts, it is advisable to check with the relevant district court before drawing statistical conclusions about the number of pending cases for that district.

¹ The higher number of pending cases reported for the Southern District of West Virginia is the result of reconciliation efforts conducted for pretrial management for the three-month period ending June 30, 2018.

NOTE: This table includes defendants in all cases filed as Class A misdemeanors, but includes only those defendants in cases filed as petty offenses that were assigned to district judges rather than magistrate judges.

¹ Percent change not computed when fewer than 10 defendants reported for the previous period.

² Pending totals exclude defendants who had been fugitives more than 12 months before the end of the period indicated.
